strong wind from South cloudy and  
rough latter part much the same

Thursday January 19 cruising

Friday 18 much the same

Saturday 19 while steering by  
to the North saw sperm  
Whales struck 2 saved  
one Lat 36° 30' Long 60'

Sunday 20 finished cutting  
and began to boil some

Monday 21 employ'd boiling  
saw Whales struck a large  
Whale to the B. Baat short way  
parted and lost him Lat 36°  
Long 60'

Tuesday 22 fine weather steer'd South  
in pursuit of Whales but no go  
at sun down took in sail and made  
ship to the N.E.

Wednesday 23 stiff wind from N.E.  
steering N.E by E cooing Oil 25

Thursday 24 strong wind from the  
South staved down the Oil and  
spoke the English Bark Prince Regent  
Hobartown 7 months 80 bbls and a Brig  
same owners name not known 4 months old

Fri  
Friday Jan'y 25 18<sup>o</sup> 56 moderate wind and  
fine weather 2 Englishman in sight and  
a merchant Barque Lat 36° Long 59° 30'

Saturday 26 fine weather no fish

Sunday 27 fine weather saw 2 large Whales  
lowered but they made their escape to the N  
Lat 35° 30' Long 160° E

Monday 28 brisk wind from the N.W. steered  
N.W. all day so nothing

Tuesday 29 took her ship to the N.W.E wind light  
latter part the same  
borend to Loret hours Island

Wednesday 30 Moderate weather wind from  
N.W. steering by to the N.E  
nothing new

Thursday 31 as above saw 2 Whaling   
Four stylized whale tails or fins, each with a small fin-like projection at the top.

Friday February 1 light wind from S S W  
saw 2 large sperm Whales going to the South  
and windward while chasing them saw more  
to leeward wind so light and water so clear  
we could not catch them in the afternoon saw  
more to leeward but they made their escape on  
Lat 32° 20' Long

Saturday February 2<sup>nd</sup> 1856 

first part brisk wind from S E saw Lord  
Howe's Island at 2 P.M. the mate went on shore  
after his wife here were 2 whalers Brig and Bark  
supposed to be Englishmen at sundown were  
of shore and double receipt for the night

Sunday, moderate wind from S E mate  
returned with his wife and 2 Bales -

Monday 4 fine weather steering out to the South  
saw a Bark in shore Whaling with her boats  
down we gave chase with the ship whales made  
the escape

Monday 27 same

Tuesday 28 Do Do

We are bound to Tablet we can  
ever get there we have had a constant  
sesasion of Eassty wind now for 7 days

Wednesday 29 strong wind from ENE  
steering by SE under sheet sail thick rain

Thursday 30 strong wind from ENE  
steering by SE under double reef topsail

Friday May 1 same

Saturday May 2 comes with  
light all prospects of a change after  
so long a spel thick with lightning  
all night towards morning had  
the wind from North

Sunday May 3 Comes with brisk N  
wind from North steering E by N  
all sail out Lat 29 Long 158.60

Monday May 4 light wind from E by N  
steering E by N all sail out bent and  
set a Foretop mast steering sail wind  
then from SSW Long 158.04

Tuesday May 5 light wind from  
South steering E by S nothing more

Wednesday May 6 wind from  
S E and hauling at that

Thursday May 7 wind as far  
as E~~N~~ tacked to the S E

Friday May 8 no alteration

Saturday May 9 wind strong from  
N E

Sunday 10 same.

Monday 11 worse and more apt

P

Tuesday 12 O dear hard times

Wednesday 13 wind from N East

P

Thursday 14 about the same

Friday 15 at last we have taken a  
breeze from WSW steer'd over th

Saturday 16 good breeze from SSW  
course ab for Tookoy

Sunday 17 brisk wind from South  
soon Tookoy bearing ab distant 40 miles  
at sun down supposed to be 20 miles off  
took in sail and huff to the wind  
to the S E

Monday 18 went in with 2 boats  
done some tracing Bananas Oranges  
some yams taro some foul

Tuesday May 19<sup>th</sup> 1859

Came with moderate wind  
from NNE saying, of one or  
captain will remain on shore  
to night with his Lady / 18 hogs., 80 bunches  
got of some recruits Bananas 20 or 30 pou  
too blustering to come off until out North

Wednesday May 20 strong wind from  
North captain and wife on shore

Thursday May 21 calm no chance  
of their getting off today.

Friday May 22 wind light at East land  
bearing NE distant 6 Leagues At 5 PM  
boat came of wind light at NW on  
shaped course for Tahiti by hauling up  
gradually round the Island

Saturday May 23 brisk wind from  
opposite steering N by E all sail out

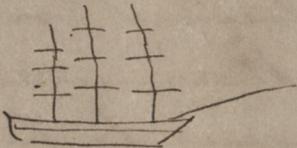

Sunday May 24 brisk wind from  
N by steering N by E all sail out

Monday May 25 brisk wind from SE passed a Whaling Barque showing a red swallow tail a white star in it supposed to be the Sea Guller at anchor at 2 PM saw Tahiti bearing North

Tuesday May 25 light wind from E impossible to weather points made slow progress

Wednesday 27 much the same

(Tahiti)

Thursday 28 cast Anchor and here we find Barque Matilda Sears

Friday 29 meeting the Isaac Howland came in I never skip from June 29 to July 16

Wednesday July 16 getting ready for sea yesterday the Matilda Sears went out today the Howland goes

Thursday June 17 all ready for sea but no chance of getting out

# Otahite

Friday, June 18 1857  
all ready for sea waiting for a wind

Saturday, 19 strong wind outside from  
the S SE accompanied with rain thunder  
and lightning no chance

Sunday 20 light wind from North  
blowing direct in to day the Steamer  
arrived with no intelligence from the  
Boys she found no one on the Island nor  
although there was signs of natives being  
there previous to her arriving their  
the Mats in the huts were warm

Monday 21 wind from SSW got under way  
made 3 tacks and went out all night  
wind baffling made no progress

Tuesday, 22 wind light from S SE steering  
close haul SW tanite and Ernes in  
sight

Wednesday June 24 strong wind from N W  
course S SW rain

Thursday 25 strong wind from SW  
through the night made all sail

Friday June 26 Strong wind from

SE steering SE all sail out

# Ship Monticello bound home

Compt

Latter strong wind from W & W course  
W Mr took in main topgallant sail and  
double reefed fore and main topsail  
Lat 26° 5' 0"  
Lon 61° 00'

Sunday December 27 first part strong  
wind from W to N N or double reefed  
main topsail Middle part squally  
Latter strong wind and clear set up  
main topsail and main topgallant sail  
wind W by N leading. North  
Lat 28° 10'  
Lon 63°

Monday Dec 28 first part light  
wind from NW E latter the same  
Lat 28° 5' 0"  
Lon 64°

Tuesday 29 light wind from N E to E  
continued so through night latter  
light wind from S E Lat 29° 2' 0"  
Lon 65°

Wed 30 light wind from South  
nearly calm all the middle and  
latter part the same passed 2 Barges  
and one Brig No Obs

we suppose our Lat 30°  
and Long 66° C

Monticello bound home.

Thursday Dec 31<sup>st</sup> Comes  
with light wind from South  
steering N by W with all  
sail out lots of Gulf weed around  
Latter part strong wind from SW  
steering NW by S Lat 31° 13' or  
Lat 68° —

Friday Jan 1<sup>st</sup> in 1858 Comes with  
strong wind from SW thick some rain  
all signs of a Northwest hauled the light  
sails at 6 PM wind shifted very sudden  
to NW and blew hard put her under  
a close reef main topsail and foresail  
Latter part light wind and  
Lat 32° 26'

Saturday Jan 2<sup>nd</sup> in 1858  
Comes with light wind from  
SW steering NW Middle  
part wind shifted from SW  
to W. Latter heavy showers &  
W<sup>rd</sup> obs

Sunday January 3<sup>rd</sup> Comes with  
thick rainy weather wind light  
and changeable squally wind  
SW at 3 PM shifted to W<sup>rd</sup> W<sup>rd</sup>  
still continuing squally  
W<sup>rd</sup> obs

Monday Jan'y 4<sup>th</sup> Commences with  
strong wind from NW W under double  
reef Middle part moderate at day light  
made all sail heading North  
Lat 34, 30  
Lon 71.40

Tuesday Jan'y 5<sup>th</sup> Commences with  
strong wind from NW W steering  
the light sail we are near the Gulf  
Middle part very strong wind  
took in sail accordingly latter  
thick and rainy No obs

Wednesday 6 light wind from  
W E with rain supposed  
ourselves to be in the gulf.  
Latter part a gale of wind from  
N N W struck us full and by  
but end first with topgallantsails  
set we very soon had her under  
bare poles and on the Northern  
track Lat 31.2 S sent down  
Lon 71 " 12 fore royal  
mast and yard

Thursday 7 first part lying too under  
bare poles in a stiller gale heading NE  
at 6 P M were ship set close reef  
main topsail and forecastle mast staysail  
gale in line to moderate latter made  
and sail with Lat 31.31 leading N wind

Friday Jan'y 8<sup>th</sup> 1808. commenced  
with strong wind from N. W. heading  
N. N. E. and breaking off at that at 4 past  
one PM more ship heading W. N. W. wind  
North and increasing brought her down  
to double reefs Middle part a gale  
of wind from N. W. heading W.  
close reef Main topsail Lower little  
more moderate but blowing fresh  
Lat 37° 18'  
Lon 72°

Saturday I strong wind from N. N. E.  
heading N. W. made some sail at 4 PM  
head N. N. W. wind N. E. repaired foresail  
and bent set double reef topsails mainsail  
gibb and spanker Middle part  
moderate made all sail wind from  
S. E. Lower wind South thick  
no obs but found the water concave

Sunday Jan'y 10 first part moderate  
wind from South sounded and found  
17 fathoms white sand fine sand wee lane  
had bad weather for 2 or 3 days and  
Lane got no correct Obs so we don't know  
when we are but we suppose that we  
are well to the westward however when  
we found was in 17 fathoms we steered  
of N. E. til 6 PM then steered of E.  
sounded several times throu the night  
and found 30 fathoms Lower had the  
wind N. S. E. and North and N. E.  
Lat 39° 38' Lon 72°
